Benachally Ceilidh Band

The Benachally Ceilidh Band are a group of highly experienced and versatile musicians based in rural Scotland. Consisting of accordion, two fiddles, banjo, drums and guitar, they play a refreshing mixture of

Celtic music predominantly from Scotland and Ireland. The band were formed in 1997 and feature former members of Silly Wizard, Capercaillie, The Dougie MacLean Band, An Tealach, The Loose Moose Ceilidh Band and Heritage.

The band are in big demand at ceilidhs, weddings, folk festivals, corporate functions and Scottish nights throughout Scotland and beyond. The band members are regular visitors to far away places such as Norway, The Bahamas, Sweden, Lithuania, Wales, Ireland, Greece and England where they entertain with dances from Scotland, Ireland, England, America and Bohemia!

Line-up:

The line-up you may require depends on a number of factors including your personal preference, the venue, the number of guests and your budget. A typical line-up for a moderate venue with 50 to 150 guests would be a three or four-piece band including dance caller, midi-accordion, fiddle and/or drums. Our web-site gives more details of suggested line-ups depending on the factors listed or give us a call to discuss your detailed requirements.

GREAT DANCES AND EXPERIENCED DANCE CALLER.

The band play lively sets of Jigs, Reels and Marches for well known set dances such as The Dashing White Sergeant, Strip the Willow, Duke of Perth, Virginia Reel and many others whilst blending with couple dances such as Waltzes, The Gay Gordons, Boston Two-Step, and the Canadian Barn Dance. The band are continually adding new dances from Scotland and Ireland whilst picking up the odd dance from their world travels!

The band have an experienced dance caller who will lead you through the dances if required.

WHAT OUR CUSTOMERS HAVE TO SAY

"As last year, the band were a major part of the success of the evening in keeping the floor bouncing from start 'til the ring of the bell at the bar.....You're top of the list for the same event again next year"

"We took some time to pick a band (for our wedding), but when the time came, we couldn't have hoped for any better. You were tremendous!"

"Your ability to encourage even the most reluctant to get up and join in with the dancing (myself included) is a testament to the success of the evening. The whole conference has been declared an overwhelming success and the dinner dance is a major part of the event"

"Thanks very much for helping us make my dad's retirement ceilidh such a great success. Everyone thoroughly enjoyed the evening and I've been asked by a few for your number!"

"Thanks again for a fantastic night. You did a great job -

could not have judged the crowd better or played better. Everybody had a ball, from 18 months to grandparents"

"As I'm sure you were aware there were a lot of folk that were not used to Ceilidhs but that didn't stop everyone having an excellent time and perhaps surprising themselves at actually getting up and dancing! - many people said it was the best wedding they had ever been to and much credit has to go to the band and of course Jake Donnelly for his enthusiasm, energy and excellent calls."

"Just got back from our honeymoon and wanted to say thanks for doing our wedding last week. It really was very good, and what surprised me was you had more English people dancing than Scottish. Thanks again, we really appreciated it."

FLEXIBILITY

The Benachally Ceilidh Band have a line up which is flexible to your needs. We can arrange a package which includes a disco or covers band if that's what you require.
